

WISCONSIN'S ANSWER TO MADAME PELOSI AND SENATOR REID!!!

2009 SENATE JOINT RESOLUTION (LRB-3861/1)

Compulsory healthcare is **NOT A POWER GRANTED**
by the US Constitution to the federal government!

HOW ARE THE PEOPLE OF WISCONSIN RESPONDING?

- Wisconsin is joining 27 other states in proposing an amendment (LRB-3861/1) to our state constitution in order to preserve our right to choice in private healthcare, allowing the state of Wisconsin to “opt out” of government healthcare.
- The 10th amendment reserves those rights that are not granted to the federal government to the states. If our United States Constitution does not list it, the federal government **CANNOT** do it!
- **IMPORTANT:** This is **NOT** the same “opt out” version that was addressed in Washington. The difference is that the Wisconsin amendment would seek to eliminate the requirement for Wisconsinites to pay for the government plan.

WHAT CAN YOU DO TO HELP AMEND THE CONSTITUTION?

- In the next legislature session beginning January 19, 2010, Joint Resolutions will be introduced in the Wisconsin Assembly and Senate.
- Call, e-mail, fax and write your state representative and state senator and let them know that you support this amendment proposal and that you expect them to vote for it. Tell them that they need to stand with the people of Wisconsin and preserve our liberties by limiting government and taxes.
- Get the word out to friends, family and people you meet. Discuss it, Blog it, Facebook it, Tweet it, text it and e-mail it to everyone you know. Knowledge is power and we need power to preserve our rights!
- Mail a copy of this flyer to your state representative and senator. You can get additional copies at www.wisconsingrandsonsofliberty.com
